

Supporting Victims and Survivors of Faith: The 2021 Safe Havens Webinar Series for Advocates

interfaith partnership against domestic violence and elder abuse

because no one should have to choose between faith and safety

This webinar series will equip advocates to better support victims and survivors from diverse communities of faith. How can advocates bridge the gap between their service agencies and faith-affiliated clients to ensure that everyone feels validated and supported? What should advocates know about each faith tradition to help them better meet the needs of faith-based clients? We hope you will join us for this webinar series to strengthen your responses to survivors of faith.
